

## Important Message to Our Valued Customers

**I am excited to share important information about our Waverly Office remodeling project.** After three years of planning, we will begin construction on August 8, 2022. We anticipate completion in December, assuming there are no unforeseen delays.

### **We're still here to serve all of your banking needs during construction:**

- For your safety, our lobby will be closed during most of the construction project; however, you will still have access to your safe deposit box, our bankers, and our lenders. Simply call us for an appointment or come to the drive-up with your request and we will gladly bring you inside to accommodate your needs.
- Our drive-up will remain open, except for a brief period when it will be resurfaced. We will inform you in advance of the temporary drive-up closure.
- Our Montrose Office is unaffected by the Waverly Office remodeling, and you are welcome to visit Montrose for any of your banking needs.
- Our ATMs, online banking and mobile banking services are available 24/7.

**Once completed, our customers will enjoy a bright, open lobby with a modern, updated design.** In addition, our renovation will provide:

- An enhanced banking experience for everyone
- New technology to better serve our customers
- Increased efficiency for our bankers so we can spend more time with our customers
- A public restroom
- Some updates to the exterior of our building ... and more!

**We are pleased to work with many local contractors** on this important project and HTG Architects, a professional firm that specializes in financial institution remodeling and construction.

**We appreciate your understanding and patience during the construction phase.** We look forward to hosting an Open House once the remodeling is completed, so you can tour the bank.

If you have any questions, please contact me at 763-658-6233 or [brianm@bankwaverly.com](mailto:brianm@bankwaverly.com).

**Best regards,**

**Brian Matzke  
President**
